## **2009 Pro Stock Tire Rule**

The tire will be the Hoosier 2040.

This will be a 1 feature tire a week rule. The car will be allowed to start the season off opening night with 10 tires. After the first event you are allowed 8 tires, after the second event you are allowed 6 tires, and after the 3rd event you are allowed 4 tires. Each tire will need to be vouchered so as to keep the proper inventory of the amount of Qualifying and Feature tires that the car has in its rotation.

Each week that you race another voucher will be added to your inventory. You do not have to purchase or run the tire each week, you can bank as many as you want.

You must have four CFS Hoosiers for the first Qualifier and Feature of 2009.

Your inventory will be controlled by CFS Management and the driver of the car.

All tires that are Qualifying and Feature tires need to be marked as determined by CFS management. (branded and painted)

Your car will be checked before each Qualifier and Feature if you have an illegal tire or tires you will be fined with points and money and you will have to fix it before you race.

In the event of a flat tire you will be allowed to use a practice tire for the first three weeks of the season. You must start Qualifiers and Feature with properly marked tires.

If you are involved in an accident or if your tire gets cut or punctured in some way you will NOT get a new tire unless it was a new tire when it went out, you will have to replace it with a used practice tire or one from your present inventory.

If you are caught with a tire that is softer than it should be for any reason it will be confiscated and a major penalty will be instituted. A durometer reading will be set by the start of the week three feature

You may purchase as many practice tires as you wish and at any time you may turn them into feature tires by bringing them to the tech area for marking.

This tire rule only pertains to the races before 8/8/08. The extra distance race on 8/15/09 and Championship night on 9/5/09 will allow each team to buy as many 2040's as you wish.
