

## **CANAAN FAIR SPEEDWAY HAS RED HOT RACING PLANS FOR THE 2010 RACING SEASON**

The 2010 racing season is still a ways away, but, by looking at the 2010 schedule, it is going to be one red hot racing season. CFS new General Manager, Dick Therrien, and Track owners, Chick and Sandy Henry, have embarked on bringing in some of the finest touring divisions in the Northeast.

“We have left no stone unturned this season, and we are extremely proud of all the exciting racing we will be presenting in 2010, stated a jubilant Therrien. We have everything intact to delight every type of race fan this season! We have worked hard negotiating with several touring organizations this winter, and have come to some sort of agreement with just about every one of them, thus insuring Canaan Fair Speedway to be offering one of the most diverse and entertaining schedules in the region.”

The season is full of gigantic shows which will include the giant 4<sup>th</sup> of July weekend Spectacular. This event, scheduled for Saturday, July 3, 2010 will feature the P.A.S.S. Super Late Models, P.A.S.S. Mods, Super Streets, Pure Stocks, Bandits, Daredevil Youth Racers, plus Monster Trucks and fireworks to cap off the night! This event will carry a July 4<sup>th</sup> rain date.

The biggest event of the summer will also hit the pavement in July as the 2010 edition of the Ricky Miller Memorial 112, for the Modified Racing Series invades Canaan for a huge weekend on Saturday, July 24<sup>th</sup>.
