

11/5/10 EXCITEMENT BUILDING AT CANAAN FAIR SPEEDWAYS FOR 2011 RACING SEASON

The 2010 racing season might have just been completed at both Canaan Fair Speedway's dirt and asphalt facilities, but the excitement and enthusiasm from the successful seasons and season ending awards banquets is carrying over into the off-season to a point that has never been seen before at the New Hampshire speed plants.

"We just posted the rules this past week, and the phone has been ringing off the wall at my shop, stated Chief Technical Inspector, Charlie Rockwell. The interest for 2011 is exploding, and that's exciting. Usually this time of year teams are putting up their equipment for the long winter ahead, but this year it appears that there is going to be winter-long activities happening in a lot of race shops. People were very happy about the way the track ran in 2010, and especially about the monies and awards the teams received at the Banquets of Champions. I too, am already excited about 2011!"

"I am really pumped about 2011 here at Canaan, new track lessee Dick Therrien exclaimed. Both tracks showed significant growth numbers in both fan and car counts as the season progressed and it looks to be huge for next season. We have adjusted our rules packages so that teams from other area speedways can come and play without a ton of conversions. I am having a hard time keeping up with returning phone calls and answering messages that teams are leaving. I am very busy working on a schedule for 2011 right now. Many touring groups have shown lots of interest, and want to be a part of the successful programs at both tracks. There are going to be some huge, pleasant surprise announcements that will be released in the next couple of weeks or so. These events are going to put the tracks on the map!"

For more information on the Speedway's, visit the websites at www.canaandirtspeedway.com, and www.canaanspeedways.com, or call Dick Therrien on the track hotline at 802-274-8823. Canaan Fair Speedway's are located on Orange Road, just off of Route 118 in Canaan, New Hampshire.
