

CANAAN FAIR SPEEDWAYS SHINE AT RACIN' PREVIEW IN PORTLAND

It was an awesome weekend to spend time at the Racin' Preview, hosted by the Racin' Paper, at the Portland Expo in Portland, Maine. A huge crowd rolled through the building to get a first hand look and some of the finest racing equipment around at the show. Numerous tracks throughout the Northeast were represented along with a number of vendors selling their wares.

Both Canaan Dirt Speedway, and Canaan Asphalt Speedway were nicely represented. Representing the Dirt Track was the number 07 Papa Z's Modified driven by Russell Christian. Christian's beautiful machine captured "Best of Show" honors for dirt Modifieds. On hand for the Asphalt track was young, Austin Brehio's, show stopping Beard Sewer & Drain, Super Street. His life size cut-out stand-up of himself that was on display really caught the eyes of show goers.

Canaan Fair Speedway would like to thank everyone that helped make this show so successful.
