

**2/9/2010 NEW ENGLAND OUTDOOR FURNACES
LATE MODEL LUCKY DOG LOOT CONTEST**

This program will be a weekly program for the Late Model division. Each week in victory lane, the LMS feature winner will pull a number out of a hat. This number is the finishing position in their feature. The driver that finishes in that position, providing he/she has the New England Outdoor Furnaces windshield sticker displayed, wins the prize (AKA, Lucky Dog Loot) for that night. If winning position driver does not have sticker, the prize is rolled over to next week. Prize will also be distributed in victory lane.

There will also be a New England Outdoor Furnaces, Lucky Dog Loot fan, who will win a pair of tickets. Fans will be able to sign up each week at the souvenir stand and one lucky winner will also be drawn in victory lane. They will win a pair of tickets for the next week's races. At the end of the season, from all the winners, one lucky fan will win a pair of banquet tickets, and sit with the driver of their choice.
